FOREWORD

The primary objective of the Society is to advance the science of acoustics by creating an organization that is responsive to the needs of scientists and engineers concerned with acoustics problems all around the world. It is the continuous efforts of ASI to propagate Acoustics through symposiums and other activities. It also provides opportunities to its members to enhance their knowledge by exposing them to special lectures organized time to time. A research journal, The Journal of Acoustical Society of India (JASI) is a refereed publication published quarterly by the Acoustical Society of India (ASI). JASI includes refereed articles, technical notes, letters-to-the-editor, book review and announcements of general interest to readers.

It is a matter of great pleasure that the first issue of Hand Book of ASI is being published for its Members and others concerned with Acoustics. This document provides information about all its Fellows, Members and Institutional Members. It is also a source of information on constitution, rules and regulations, etc of the Society.

I hope, this Hand Book (first edition; 2014) will help in propagating the aims and objectives of the Society. I am very confident that the Hand Book will be very useful and valuable document for its members.

A team comprising of Dr. Mahavir Singh, Dr. Yudhisther Kumar and Mr. PVS Ganesh Kumar have put all the efforts to bring out this second edition. On behalf of the Executive Council and on my own behalf, I would like to put on record our appreciation for their efforts.

Finally, I thank all the Fellows of ASI in extending their support to update their recent addresses.

Dr. V. Rajendran
President, ASI

PREFACE

Acoustical Society of India published HAND BOOK 2011 in the first time consisting of a list of members along with their addresses, by-laws other important information related to the Society. The purpose was to have a document for active interaction amongst the members of the Society. The HAND BOOK was found very useful; hence the present Executive Council suggested for updating and publishing of "HAND BOOK-2014", First Edition; 2014.

Efforts have been made to update all the relevant information in this Hand Book. While every care has been taken to incorporate the latest information, there may be some inadvertent errors in a few cases. It is requested that any error or omission may be brought to the notice of the General Secretary, ASI, so that they may be rectified in the subsequent edition.

The editors wish to express sincere gratitude to Dr. V. Rajendran, President, ASI for his constant guidance and valuable suggestions at all stages of publishing this Hand Book. The editors are also thankful to members of the Executive Council for their enormous help and assistance provided by them in collection of various information. The support from all the members of the society is gratefully acknowledged.

The editors welcome suggestions from members for the improvement in the scope and contents of this Hand Book

INTRODUCTION

The Acoustical Society of India was established and registered at Visakhapatnam on 31 July, 1971 with the major objective of "The advancement of science and technology of all branches of acoustics and the maintenance of high standards in such science and technology; to increase and diffuse the knowledge of acoustics and promote its practical application." The ASI conducts National Symposium on Acoustics every year with a special theme. The ASI brings out the Journal of Acoustical Society of India to disseminate the latest research work in Acoustics among the professionals in the country. To encourage Indian Scientists/ Technologists, the society confers various awards/honours for their best contribution in this field. ASI is an active member of the International Commission on Acoustics (ICA). This Society has broadly four types of membership depending upon their experiences in the field of acoustics as follows:

- i. Honorary Fellow
- ii. Fellow
- iii. Member
- iv. Institutional Member

At present, the society has 15 Honorary Fellows, 250 Fellows, 863 Members, 26 Institutional Members and also 30 local chapters, spread all over the country.

The major activities of the society includes

- **Annual Meeting of the Society** : The Executive Council of the society meet periodically and the General Body meet at least one every year to review the progress of the work and other activities of the society and to prepare action plan for the coming year. Also the election of the office bears of the society are held once in two years during the annual GB meeting of the society
- **National Symposium on Acoustics** : The Society holds every year a "National Symposium on Acoustics" at different parts of the country. Although all branches of Acoustics are covered during this symposium, a special theme is usually selected for major discussion. Both contributed and invited papers are presented in the symposium with participation of delegates from abroad as well.

- **Journal of Acoustical Society of India** : The Journal of Acoustical Society of India (JASI) is a refereed publication published quarterly by the Acoustical Society of India (ASI). JASI includes refereed articles, technical notes, letters-to-the-editor, book review and announcements of general interest to readers.
- **ASI News Letter** : The News Letter is published periodically to inform the members and other interested organizations the on-going activities of the society and other similar bodies.
- **Awards** : To promote the growth of acoustics in the country and to encourage Indian Scientists/Technologists, the society has instituted the following awards:
 - **Sir CV Raman Awards**, which is given every year to the author(s) of the best paper published in JASI during the year.
 - **Dr. S. Bhagavantam Award**, which is presented once in every two years to a distinguished acoustician in the county who has contributed to the growth of the subject and provided leadership over a considerable period of time.
 - **Distinguished Serviced Awards**, which is presented once in every three years to a person who has rendered distinguished services to promote the activities of ASI.

These awards carry a citation and a cash prize.

- **Sir CV Raman Endowment Fund** : The society has instituted a special fund called "Sir CV Raman Endowment Fund" in the Raman Centenary year-1988 to encourage young scientists in the field of Acoustics. This fund will be utilised to support the existing awards for the best paper published in JASI and to institute one award exclusively for young scientists.
- **Chapter Activities** : To ensure wider participation the society has encouraged formation of local chapters in different parts of the country. There are more than 30 such active chapters in India and one each in USA and Canada. These chapters hold periodic conferences, lectures, seminars and educational tours to related industrial units.
- **Professional Groups** : The society has formed professional groups in different branches of Acoustics. These groups prepare status reports, review papers and organise seminars and workshops in identified thrust areas.

- **MS Narayanan Memorial Lecture Award :** The ASI has instituted the MS Narayanan Memorial Lecture. Award from 1994 onwards in order to commemorate the services rendered by Shri MS Narayanan (Vice-President during 1990-92) to the society. Eminent scholars in Acoustics are invited to deliver this lecture during NSA. The award carries a citation and a cash prize. The corpus fund to institute this award was provided by Mrs. Gomathi Narayanan (w/o Late Sh. MS Narayanan) of Chennai.
- **Prof. Rais Ahmed Memorial Lecture Award :** The ASI has instituted the Prof. Rais Ahmed Memorial Lecture. Award from 2002 onwards in order to commemorate the service rendered by Prof. Rais Ahmed, a renowned educationist and speech scientist in the country, (President during 1979-80) to the society. Eminent scholars in the area of Speech, Signal Processing etc. are invited to deliver this lecture during NSA. The award carries a citation and cash prize. The corpus fund to institute this award was collected by the alumni of Aligarh Muslim University.

For *THE BEST PAPER* published in *J. Acoustical Society of India*

1. **1978-79**
V.C.Padaki, M.S. Shaila, A. Sivaraman, H. Sharat Chandra, M.A. Viswamitra & E.S. R. Gopal (I.I.Sc., Bangalore)
Ultrasonic study of chromatin and DNA solution at High Pressure upto 3 kbar. JASI, 7 (2) 47-51, 1979
2. **1980-81 V.B. Paniker & M.L.Munjal (I.I.Sc, Bangalore)**
Acoustic dissipation in a uniform tube with moving medium JASI, 9(3), 95-101, 1981
3. **1982-83 B.M. Banerjee, S. Sengupta, R. Sengupta, Dipali Nag (SRA, Calcutta), A.K. Dutta, N.R. Ganguli, B. Mukherjee & D. Dutta Majumdar (ISI, Calcutta)**
Spectral characteristics of vowels sung in Hinustani shastriya sangeet JASI, 11(4), 47-55, 1983
4. **1984-85 V.A. Thomas & S.Durvasula (ISRO, Bangalore)**
Passive vibration isolation system for Bhaskara spacecraft instrumentation packages, JASI, 12(1), 33-48, 1984.
5. **1986 K.R. G.K. Murthy, G.R.K. Murthy & M.M. Muni (NPOL Cochin)**
Acoustic aspects of sea floor and bottom sediments of the continental shelf off Cochin JASI, 14(2),21-29,1986
6. **1987 S.P.Singal,S.K.Aggarwal, D.R. Pahwa & B.B.Adiga (NPL, New Delhi)**
Monitoring sea breeze circulation at Tarapore using acoustic sounding JASI, 15(1),175-181,1987
7. **1988 Baldev Raj,P. Kalyanasundaram,T.Jayakumar, P.Bharat & G. Ananthakrishana (IGCAR, Kalpakkam)**
Amplification of weak acoustic emission signals JASI , 16(3/4).232-236,1988
8. **1989 V.N. Bindal, T.K.Saksena, M.Chandra & R. Gupta (NPL,New Delhi)**
Development of a parametric acoustic source for underwater applications JASI, 17(1/2) 214-228,1989

- 9. 1990 T.V. Anandapadmanabha & H.N.Jayasimha (Voice & Speech Systems, Bangalore)**
Front end processor for automatic speech recognition JASI, 18(3/4), 156-163,1990
- 10. 1991 G.V. Anand, S.Sharat Chandra (IISc., Bangalore)**
Topographic reconstruction of acoustic source distribution in a shallow ocean JASI, 19(4), 90-103,1991
- 11. 1992 U.S.P. Shet, K. Ramanath, S. Swarnamani & B.V.A. Rao (IIT, Madras)**
Combustion noise of LPG free-jet from a nozzle- mix swirl burner JASI,20(1-4),11-15,1992
- 12. 1993 A. Sada Siva Sarma, P.K. Dhanrajani, R. Chitra, A.K. Dhamija & S.S. Aggarwal (CEERI, Delhi)**
Acoustic-phonic analysis of spoken Hindi consonants JASI, 21(2), 144-149,1993
- 13. 1994 M.K. Murlidharan, N. Tandon & B.C. Nakra (IIT Delhi)**
Some investigation on gear noise JASI, 22(2), 113-118,1994.
- 14. 1995 M. Thavasimuthu, C. Rajagopalan, P. Kalyanasundaram and Baldev Raj (IGCAR, Kalpakkam)**
A neural network classifier for high sensitivity classification of weak ultrasonic signals JASI, 23(3), 139-145, 1995.
- 15. 1996 K. Jayathirtha Rao, G. Krishna Rao, K. Jagadisan and P. Ramachandran (RCI, Hyderabad.)**
Design and construction of high intensity acoustic facility for testing of guided missiles JASI,24, 1-14.1 -14.7, 1996.
- 16. K.P. Ramachandran A. Ramachander, S.M. Murigendrappa and M. Vasantha Kumar (S.J.C.E., Mysore)**
(Jointly awarded to three papers by common authors)
- i. Condition monitoring of machinery using vibration signature analysis JASI, 25, 1-1.1- 1.6,1997
 - ii. Expert system in vibration monitoring and analysis JASI,25, 1-9.1- 9.7, 1997

iii. Failure prediction of single point cutting tool for turning operation using vibration technique JASI, 25 , 1-10.1 - 10.6, 1997.

17. 1998 Jointly awarded to two papers A.K. Mukhopadhyaya, S.K. Dalui, M. Raychaudhuri (CGCRI, Calcutta), R. Sengupta, N. Dey, B.M. Banerjee, Deepali Nag (SRA ,Calcutta), R. Bhar, D. Ghosh (Jadavpur University, Calcutta) and A.K.Datta (ISI, Calcutta)

Charaterisation of Materials for Indian Tanpura JASI, 26 (1-4), 372-381, 1998.

i. Thomas D. Rossing (Northern Illinois University, USA) and we J Hansen (Indiana State University, USA) Modal Analysis of musical instruments with electronic TV Holography JASI ,26(1-4),366-37, 1998.

18. 1999 Y.V. Shiva Prasad, C. Padmanabhan and N. Ganesan (IIT, Chennai)

Acoustic, structural and coupled frequencies of a refrigerator compressor JASI,27,141-144 ,1999.

19. 2000 S.R Savithri (AIISH, Mysore)

Acoustics of laughter, JASI, 28, 233-138 , 2000.

20. 2001 A.P. Singh, M.R. Bhatia, Neeru Kapoor & W. Selvamurthy (DIPAS, Delhi)

Effect of chronic exposure to hand transmitted vibration in man JASI, 29(1), 463-470,2001.

21. 2002 Jointly awarded to two papers

1. K.Samudravijaya & Anshu Gupta (TIFR, Mumbai)

Text prompted speaker verification JASA, 30(2-4), 388-392,2002

2. T.K. Mani & P.R. Saseendran Pillai (CUSAT, Kochi)

The acoustics of raindrop impact on water surface JASA, 30 (1-2), 214-217,2002

- 22. 2003 D.J. Kalsule, S.D. Wagh & S. Raju (ARAI, Pune)**
Performance evaluation of hemi-anechoic test facility of ARAI and its utility in NVH refinement programme JASI, 31 (226-235), 2003.
- 23. 2004 V. Mohanan, Omkar Sharma & Mahavir Singh (NPL, India)**
Absolute calibration of standard condenser microphones JASI, 32, 97-104, 2004.
- 24. 2009. T.S.S. Narayana and M.L. Munjal (IISc, Bangalore)**

JOURNAL OF ACOUSTICAL SOCIETY OF INDIA

ARTICLES

The Journal of Acoustical Society of India (JASI) is a refereed publication published quarterly by the Acoustical Society of India (ASI). JASI includes refereed articles, technical notes, letters-to-the-editor, book review and announcements of general interest to readers.

Articles may be theoretical or experimental in nature. But those which combine theoretical and experimental approaches to solve acoustics problems are particularly welcome. Technical notes, letters-to-the-editor and announcements may also be submitted. Articles must not have been published previously in other engineering or scientific journals. Articles in the following are particularly encouraged: applied acoustics, acoustical materials, active noise & vibration control, bioacoustics, communication acoustics including speech, computational acoustics, electro-acoustics and audio engineering, environmental acoustics, musical acoustics, non-linear acoustics, noise, physical acoustics, physiological and psychological acoustics, quieter technologies, room and building acoustics, structural acoustics and vibration, ultrasonics, underwater acoustics.

Authors whose articles are accepted for publication must transfer copyright of their articles to the ASI. This transfer involves publication only and does not in any way alter the author's traditional right regarding his/her articles. Papers should be clearly written in English and sent in duplicate to:

Dr. Mahavir Singh

Chief Editor, JASI

C/o Acoustics, Ultrasonics & Vibration Section

CSIR-National Physical Laboratory

Dr. K.S. Krishnan Road

Information for Authors

All manuscripts are refereed by at least two referees and are reviewed by the Publication Committee (all editors) before acceptance. Manuscripts of articles and technical notes should be submitted for review electronically to the Chief Editor by e-mail or by express mail on a disc. JASI maintains a high standard in the reviewing process and only accept papers of high quality. On acceptance, revised articles of all authors should be submitted to the Chief Editor by e-mail or by express mail.

Text of the manuscript should be double-spaced on A4 size paper, subdivided by main headings-typed in upper and lower case flush centre, with one line of space above and below and sub-headings within a section-typed in upper and lower case understood, flush left, followed by a period. Sub-sub headings should be italic. Articles should be written so that readers in different fields of acoustics can understand them easily. Manuscripts are only published if not normally exceeding twenty double-spaced text pages. If figures and illustrations are included then normally they should be restricted to no more than twelve-fifteen.

The first page of manuscripts should include on separate lines, the title of article, the names, of authors, affiliations and mailing addresses of authors in upper and lowers case. Do not include the author's title, position or degrees. Give an adequate post office address including pin or other postal code and the name of the city. An abstract of not more than 200 words should be included with each article. References should be numbered consecutively throughout the article with the number appearing as a superscript at the end of the sentence unless such placement causes ambiguity. The references should be grouped together, double spaced at the end of the article on a separate page. Footnotes are discouraged. Abbreviations and special terms must be defined if used.

EQUATIONS

Mathematical expressions should be typewritten as completely as possible. Equation should be numbered consecutively throughout the body of the article at the right hand margin in parentheses. Use letters and numbers for any equations in an appendix: Appendix A: (A1, (A2), etc. Equation numbers in the running text should be enclosed in parentheses, i.e., Eq. (1), Eqs. (1a) and (2a). Figures should be referred to as Fig. 1, Fig. 2, etc. Reference to table is in full: Table 1, Table 2, etc. Metric units should be used: the preferred from of metric unit is the System International (SI).
